

# Global Gurdjieff Movements Gathering

June 3rd to June 10th, 2017

Corfu, Greece

**Join us!**

It is a great great joy to start preparing for this event!

Everything is coming together: the excellent teachers and pianist and the beautiful Hall that was built exactly for this Work!

**Avrom Altman** was on leave from teaching the Movements, so there is great joy to be in his class again, receiving the gift of the new experience that matured in his long silence.

**Deborah Rose Longo** is a very loving, charming, special teacher that many people all over the world appreciate.

**Melanie Monsour** is an extraordinary musician with amazing sensitivity and great experience and skill.

The Corfu Buddha Hall, a stunning venue on top of a hill with view of sea and mountains all around, was built exactly for the Gurdjieff Movements!

Now the dates are decided: June 3rd to June 10th, 2017.

Inner work will be emphasized while working with the Gurdjieff Movements. It supports balance in our daily lives and supports our Wish to Be for the Benefit of All Beings.
